WORK EXPERIENCE

Project Manager — Air New Zealand

Apr 2025 – Jun 2026

- Developed and maintained project plans, schedules and budgets to ensure successful delivery on time and within budget
- Engaged and aligned key stakeholders across business units to ensure clarity of project goals and deliverables
- Coordinated cross-functional teams to solve complex problems and remove blockers during project execution

Finance Specialist — Air New Zealand

Apr 2023 – Apr 2025

- Financial reporting and analysis — conducting in-depth financial analysis and reporting to support strategic decision-making and providing insights on cost management
- Budgeting and forecasting — comparing actual performance against targets to drive financial accountability and business performance
- Stakeholder collaboration — partnering with various squads to translate financial data into actionable insights, supporting business objectives

Senior Assurance Associate — Ernst & Young

Mar 2020 – Apr 2023

- Audit and compliance — conducting financial audits for clients across various industries, ensuring compliance with IFRS / NZ GAAP and regulatory requirements
- Risk assessment and internal controls — evaluated internal controls and identified risks, providing recommendations to improve financial reporting accuracy
- Stakeholder engagement — collaborated with clients and senior auditors to gather financial data, assess audit findings, and deliver key insights to support informed decision-making
